When a Customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below. The special charges described in this section will be calculated on a case by case basis.

- .1 Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charges for the minimum period of service orders, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun (all discounted to present value at six percent).
- .2 Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities and material, the cost of installation, engineering, labor and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

- .1** all Non-Recurring Charges reasonably expended by Company to establish service to Customer, plus
- .2** any disconnection, early cancellation or termination charges. reasonably incurred by the Company or paid to third parties by Company on behalf of Customer, as approved by the West Virginia Public Service Commission for approval, plus

---

**SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)****2.15 Promotional Offerings**

The Company, from time to time, may make promotional offerings of its services, which may include waiving or reducing the applicable charges for the promoted service. No individual promotional offering will exceed six (6) months in duration, and any promotional offerings will be extended on a non-discriminatory basis to any customer similarly classified who requests the specific offer. At the Company's option, an informational letter describing the parameters of the promotional offering may be filed with the Commission in lieu of filing language in the tariff. (C)

**2.16 Taxes and Fees**

**2.16.1** Municipal excise taxes are listed as separate line items on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.

### **.3 Enhanced 9-1-1 Fee**

An Enhanced 9-1-1 Fee is imposed on telephone service by localities in West Virginia to offset the costs of installing and maintaining an Enhanced 9-1-1 telephone system. The Company shall act as the billing agent for the applicable Enhanced 9-1-1 Fee(s) for each county in which the Company provides local exchange telephone service, while such county has an Enhanced 9-1-1 ordinance in effect.

The Enhanced 9-1-1 Fee shall appear as a separate line item on each regularly issued local exchange service telephone bill rendered by the Company. The amount and the application of the fee shall conform to the current Enhanced 9-1-1 ordinance of the county in which the service, for which the bill is rendered, is provided. Where a single bill is rendered for multiple lines, the total applicable fee amount may appear as a single line item on the bill.

Except as specified in the applicable county Enhanced 9-1-1 ordinance, the Enhanced 9-1-1 fee shall be applied to each telecommunications line which is configured so as to receive dial tone from the end office serving the line. The following are considered telecommunications services for purposes of application of the Enhanced 9-1-1 Fee:

1. Tariffed and special assembly access lines, both business and residence;
2. Semi-public telephone service access lines;
3. Access lines connected to customer owned public telephones;
4. PBX Trunks.
5. Centrex lines, with the proviso that, except where specified otherwise in a county Enhanced 9-1-1 ordinance, a PBX Trunk equivalent of eight (8) Centrex lines to one (1) PBX Trunk shall be used for fee application. Fractional amounts shall be rounded up to the nearest whole cent amount. For example, where the fee is \$1.75, each Centrex line would be billed \$0.22 unless the applicable county Enhanced 9-1-1 ordinance specified otherwise.
  - a. Application of the Centrex 9-1-1 fees is done on an account by account (per county) basis. Within a given county, location of the Centrex lines' customer termination points is irrelevant as long as all of the lines are on a single account.

**.3 Enhanced 9-1-1- Fee (cont'd)**

(N)

b. For example, if a subscriber has 5 service locations in Alpha County (for this example, Alpha County charges the full 9-1-1 fee [which is \$2.00 in the example] for the first 8 Centrex lines and 1/8 of the fee for additional Centrex lines) and has 4 Centrex lines at each location and only one account, he or she will pay 8 times \$2.00 + 12 times \$0.25 (\$0.25 is 1/8 of the full Alpha County business 9-1-1 fee of \$2.00) for a total of \$19.00 per month. If the customer has a separate account at each location he or she will pay \$2.00 times 4 on each of the 5 accounts for a total monthly payment of \$40.00. In this example, if one of the 5 locations is in another county, the 9-1-1 fee must be figured on those 4 lines separately even if all 5 locations are on a single account. This would reduce the Alpha County 9-1-1 monthly fee total to 8 times \$2.00 + 8 times \$0.25 for a total of \$18.00. The total monthly 9-1-1 fee paid by the multi-county customer would be that \$18.00 plus whatever the fee amount would be for the location in the other county.

Lines used by the Company for official business and Company public telephone lines shall be exempted from otherwise applicable Enhanced 9-1-1 Fees.

The Company shall remit to the county, in the manner specified by the County Commission (e.g., mailed check, electronic fund transfer, etc.) and by the last business day of each month (unless the County Commission specifies in writing that less frequent remittance of Enhanced 9-1-1 fee revenue is acceptable), all Enhanced 9-1-1 Fees collected by the Company for such county during the preceding month or otherwise applicable period, less a billing and collection fee of 3% of the monies collected. The County Commission shall specify the person, agency, bank, etc., to whom or which Company shall remit the Enhanced 9-1-1 fee revenue. A County Commission may, upon sixty (60) calendar days notice to Company, change the manner in which, the frequency whereby and/or the recipient to which Company remits Enhanced 9-1-1 fee revenues to the county.

If a subscriber notifies the Company, in writing, that he or she refuses to pay the Enhanced 9-1-1 Fee, the Company shall remove all fee amounts from the customer's account, shall cease billing the Enhanced 9-1-1 Fee to the customer's account and shall, as soon as feasible, notify the affected county. Fee billing shall remain halted until such time as the subscriber notifies the Company that the fee billing should resume. The Company shall not back bill any Enhanced 9-1-1 Fee amounts which would have been billed during the period of fee billing cessation or which were removed from the customer's account, as described above. The county is responsible for collection of Enhanced 9-1-1 fee amounts not billed by the Company due to a subscriber's refusal to pay such fee.

**.3 Enhanced 9-1-1 Fee (cont'd)**

Except where written refusal to pay the Enhanced 9-1-1 Fee has been provided, the Company shall back bill all unpaid fee amounts.

Failure to pay the Enhanced 9-1-1 Fee shall not constitute cause for refusal or denial of service by the Company.

Except where the subscriber has informed the Company, in writing, that the subscriber refuses to pay the Enhanced 9-1-1 Fee, when a subscriber makes only partial payment of a phone bill, the Enhanced 9-1-1 Fee shall be the first item covered by the partial remittance.

A full month's Enhanced 9-1-1 Fee shall be billed even for a fractional month's service.

The Company shall be given a period of at least ninety (90) calendar days in which to put into effect any change in a county's Enhanced 9-1-1 Fee(s).

The Company shall, for a period of time of no less than two (2) years prior to the current date, and in accordance with generally accepted accounting principles and practices, keep full and appropriate records, by month and by county, of Enhanced 9-1-1 fee amounts billed, collected and disbursed. Such records shall be made reasonably available to appropriate county, state and Public Service Commission officials for legitimate auditing purposes.

**2.18.6** When the Company receives notice from the Department of Human Services, or from the customer, that the customer is no longer eligible for Tel-Assistance Service, the Company will then notify the customer that the Tel-Assistance Service will be disconnected or changed to another class of residence service.

In addition, this service prevents the billing of collect and third number calls to the Tel-Assistance line.

- 8.1 General Terms and Conditions** (N)
- 8.1.1 The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the customer's exchange areas of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing
  - 8.1.2 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing, or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.
  - 8.1.3 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
  - 8.1.4 Each listing must be designated Government or Business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only residential listings in the Residential section. The Company, upon notification to the customer, will withdrew any listing which is found to be in violation of its rules with respect thereto.
  - 8.1.5 In order for listings to appear in an upcoming directory. the Customer must furnish the listing to the Company in time to meet the directory publishing schedule. (N)

**SECTION 8 - DIRECTORY LISTING SERVICES**

**8.2 Directory Listing Service (N)**

**8.2.1 General**

Rates and regulations for listing service are applicable only to listings in the alphabetical directories.

Directory listings are limited to such information as is essential to the identification of the listed party. The listing of a service, commodity, or trade name is not permitted unless it is the name, or an integral part of the name, under which the Customer does business.

A listing is limited to one line in the directory, except where in the judgement of the Company, more than one line is required to identify the Customer properly. In such cases, the additional lines required are provided at no extra charge.

Listing services are available with all classes of main telephone exchange service.

**8.2.2 Listings**

One listing, termed the initial listing is included with each Customer's service, and with the initial line of a line hunting group.

At a charge, additional listings may be included in the alphabetical directory and on directory assistance records, or appear on directory assistance records only. The additional directory listing charge commences with the delivery date of the issue of the directory in which the listing first appears. The monthly rate for an additional listing commences the day after the directory assistance records are posted.

If an additional listing is ordered discontinued by the Customer after the closing of the directory, the monthly rate continues through that issue of the directory and up to the date for rates to be effective for the next directory. If the additional listing is ordered discontinued before the closing date of the directory in which it would first appear the monthly rate continues only to the date of cancellation by the customer, with a minimum service period of one month. (N)

---

**SECTION 8 - DIRECTORY LISTING SERVICES**

**8.2 Directory Listing Service, Cont'd.**

(N)

**8.2.3 Nonpublished Service**

Nonpublished service means that the customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records. However, such information may be displayed on a call-by-call basis at Public Safety Answering Point locations where Enhanced Universal Emergency Number service is provided (E911).

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

(N)

**SECTION 8 - DIRECTORY LISTING SERVICES**

**8.2 Directory Listing Service, Cont'd.**

(N)

**8.2.4 Nondirectory Listed Service**

Nondirectory listed service means that the customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-listed number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-listed number in the directory or disclosing it to some. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the customer paid for non-listed service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nondirectory listed service or the disclosing of said number to any person.

**SECTION 14 –TOLL PRESUBSCRIPTION, (Cont'd.)****(N)****14.1 General**

Toll presubscription is a procedure whereby an end user or a Pay Telephone Service Provider may select and designate a Toll Provider (TP) to access toll calls without dialing an access code. The end user or Pay Telephone service Provider may designate a TP for intraLATA toll, a different carrier for interLATA toll, or the same carrier for both. This TP is referred to as the end user or Pay Telephone Service Provider preferred toll carrier (PIC).

Each carrier will have one or more access codes assigned to it for various types of service. When an end user or Pay Telephone Service Provider selects a carrier as its preferred toll carrier for a telephone line, only one access code of that carrier may be incorporated into the switching system of the Telephone Company permitting access to that carrier from that telephone line by the end user or Pay Telephone e Provider without dialing an access code. Should the same end user or Pay Telephone Service Provider wish to use other code dependent services of the same carrier, it will be necessary for the end user to Pay Telephone Service Provider to dial the necessary access code(s) to reach that carrier's other service(s).

A TP must use Feature Group D (FGD) Switched Access Service to qualify as a toll provider. All TPs must submit a Letter of Intent (LOI) to the Telephone Company at least forty-five days prior to the date on which the carrier proposes to begin participating in toll presubscription.

Selection of a TP by an end user or Pay Telephone Service Provider is subject to the terms and conditions in 14.2 following.

**(N)**

---

**SECTION 14 –TOLL PRESUBSCRIPTION, (Cont’d.)****(N)****14.2 Presubscription Change Application****14.2.1 Initial Free Presubscription Choice for New Users**

New end users or Pay Telephone Service Providers will be asked to select a primary TP when they place an order for Telephone company Exchange Service. If a customer cannot decide upon a toll carrier at the time, the customer will have thirty (30) calendar days following completion of the service request to make a PIC choice without charge. In the interim, the customer will be assigned a “No-PIC” and will have to dial an access code to make toll calls. The free selection period available to new end users or Pay Telephone Service Providers is the period within thirty (30) days of installation of the new service.

Initial free selection available to new end user or Pay Telephone Service Providers are:

- Designating a TP as their primary carrier. Thereby requiring no access code to access that TP’s service. Other carriers are accessed by dialing 101-XXXX or other required codes.
- Choosing no carrier as a primary carrier, thus requiring 101-XXXX code dialing to access all TPs. This choice can be made by directly contacting the Telephone Company.

Following an existing end user’s or Pay Telephone Service Provider’s free selections, any change is subject to a nonrecurring charge, as set forth in 14.6, following.

**14.2.2 Charge for Toll Presubscription**

After expiration of the initial free presubscription choice period for new customers, as specified in 14.2.1 the end user or Pay Telephone Service Provider will be assessed a Toll presubscription charge as specified in 14.6 following.

**14.2.3 Cancellation of Toll Presubscription by a TP**

If a TP elects to discontinue Feature Group D service after implementation of the toll presubscription option, the TP is obligated to contact, in writing, all end users or Pay Telephone Service Providers who have selected the canceling TP as their preferred toll provider. The TP must inform the end users or Pay Telephone Service Providers that it is canceling its Feature Group D service, request that the end user select a new TP and state that the canceling TP will pay the PIC change charge, as provided in 14.6, following. The TP must provide written notification to Fibernet, LLC that this activity has taken place.

**(N)**

---

**SECTION 14 –TOLL PRESUBSCRIPTION, (Cont'd.)****(N)****14.3 End User/Pay Telephone Service Provider Change Discrepancy**

**14.3.1** When a discrepancy is determined regarding an end user's designation of a preferred toll carrier, the following applies depending upon the situation described:

A signed letter of authorization takes precedence over any order other than subsequent, direct customer contact with the Company.

When two or more orders are received for an end user line generated by telemarketing, the date field on the mechanized record used to transmit PIC change information will be used as the PIC authorization date. The order with the latest application date determines customer choice.

**14.3.2 Verification of Orders for Telemarketing**

No TP shall submit to the Company a PIC change order generated by outbound telemarketing unless, and until, the order has first been confirmed in accordance with the following procedures:

- .1 The TP has obtained the customer's written authorization to submit the order that explains what occurs when a PIC is changed and confirms:
  - the customer's billing name and address and each telephone number to be covered by the PIC change order;
  - the decision to change the PIC to the TP, and
  - the customer's understanding of the PIC change fee; or
- .2 The TP has obtained the customer's electronic authorization, placed from the telephone number(s) on which the PIC is to be changed, to submit the order that confirms the information described in .1, preceding, to confirm the authorization; or
- .3 An appropriately qualified and independent third party operating in a location physically separate from the outbound telemarketing representative has obtained the customer's oral authorization to submit the PIC change order that confirms and includes appropriate verification data (e.g., the customer's date of birth or social security number).

**(N)**

---

**SECTION 14 –TOLL PRESUBSCRIPTION, (Cont'd.)****(N)****14.4 PIC Switchback Options****14.4.1 Customer Denies Requesting Change of TP**

When the Company is contacted by an end user who denies requesting a PIC change, the end user will be credited the charge assessed for the disputed change in carrier, and will be switched back to the previous TP at no charge.

The TP is in no way relieved of the FCC requirements for:

- a. Verifying all PIC orders obtained by outbound telemarketing prior to submitting those orders, or
- b. Instituting steps to obtain verification of orders submitted to Fibernet, LLC.

In addition, the end user has the option of initiating a complaint to the FCC or the Public Service Commission concerning unauthorized changes in carrier. The complaint may be issued in writing to the Public Service Commission of West Virginia, 201 Brooks Street, P.O. Box 812, Charleston, WV 25323, or by calling toll free on 1-800-344-5113.

**14.4.2 Customer Requests Switchback to Previous TP PIC**
